O.H.E.P. Report

Closing Soon, Open again in August

As many of you know, our OHEP 'year' operates similar to a school year: open in August, closed in April; "A-to-A if that helps you remember. As the '21/22 year comes to a close, we look forward to the opening of the '22/23 year in August '22. This will start with lab collections then move on to visits with Dr. Mike Pysklywec.

I will keep you updated through this newsletter once I hear whether we will be returning to in-person clinic appointments.
